*leaders in enteral delivery*

# P900 enteral syringe pump

The P900 enteral syringe pump has been designed to deliver small volumes of enteral feed, accurately and safely, using enteral syringes. The pump is indicated for the delivery of enteral nutritional support in small volumes to neonates and paediatric patients.

The P900 is a genuine enteral pump and not a modified intravenous pump. The pump is part of a complete range of equipment which has been carefully put together to maximize patient safety. The non-IV compatible syringes, feeding tubes and accessories provide a comprehensive feeding system.

designed to deliver nutritional support in small volumes to neonates and paediatric patients

# dedicated safety with no IV risks

An important feature of the pump is that only “MEDICINA” syringes will operate in it. All other syringes are incompatible.

An important feature of the pump is that only “MEDICINA” syringes will operate in it. All other syringes are incompatible. Many current syringe pumps can use both enteral and intravenous syringes.

This poses a serious risk to the patients because intravenous syringes can be accidentally filled with enteral feeds and connected to central lines and can be used at high flow rates.

These misconnections are not possible with the P900 pump, because the lines and syringes which it uses cannot be connected to IV lines. The P900 will only work with Medicina enteral syringes. This offers a unique additional safety feature for enterally fed patients.

“misconnections  
are not possible  
with the P900  
pump”

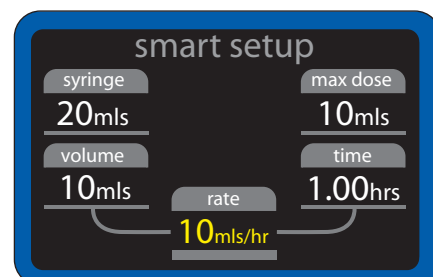

# operation of the P900 enteral pump

## automatic safety setup

The P900 pump is easy to set up. The syringe type and size is detected automatically. Using the “SMART SETUP SCREEN” the operator can enter the volume, time or rate to be delivered. These parameters are interdependent and as long as two are entered, the third is calculated automatically.

The operator can also define the dose limit within limits for that particular syringe size. In this way it is impossible to deliver large volumes at high rates accidentally.

## safe operation

When the pump is in operation all the parameters are locked to ensure that the settings cannot be changed accidentally. There are comprehensive auditory and visual alarms which ensure the feed is delivered safely and efficiently.

For example the occlusion pressure is fixed for average feeds. This eliminates the risk of an inexperienced user setting the occlusion pressure too high and the pump generating dangerously high pressures.

“all the parameters are locked to ensure that the settings cannot be changed accidentally”

## easy use summary

- >> Secure pump and power up
- >> Prime syringe, install and check connections
- >> Set dose limit and rate in smart setup
- >> Clear total volume and/or volume infused
- >> Confirm correct tube position then start delivery
- >> Pump alarms “over” and stops

# product range

## enteral syringe pump

**P900** Enteral Syringe Pump (1)  
NHS Code: TBA

## hospital enteral syringes

**PE01** 1ml Purple Female Luer (100)  
NHS Code: FTA039

**PE25** 2.5ml Purple Female Luer (100)  
NHS Code: FTA040

**PE05** 5ml Purple Female Luer (100)  
NHS Code: FTA041

**PE10** 10ml Purple Female Luer (100)  
NHS Code: FTA044

**PE20** 20ml Purple Female Luer (80)  
NHS Code: FTA046

**PE30** 30ml Purple Female Luer (80)  
NHS Code: FTA210

**PE60** 60ml Purple Female Luer (60)  
NHS Code: FTA047

**PE60B** 60ml Purple Bladder Tip (55)  
NHS Code: FTA048

## accessories

### extension sets

**EP075** 75cm long Purple Enteral Extension Set (200)  
NHS Code: FWM893

**EP150** 150cm long Purple Enteral Extension Set (200)  
NHS Code: FWM744

**EP075Y** 75cm long Y-Site Purple Enteral Extension Set (50)  
NHS Code: TBA

**EP150Y** 150cm long Y-Site Purple Enteral Extension Set (50)  
NHS Code: TBA

### bottle adapters

**BAS01** Bottle Adapter with straw (Paracetamol) (50)  
NHS Code: TBA

**BAS02** Bottle Adapter with straw (Lactulose) (50)  
NHS Code: TBA

**BAS03** Bottle Adapter with straw (Sterile Water) (50)  
NHS Code: TBA

**BA01** Stepped Bottle Adapter (50)  
NHS Code: FWM1026

**BA01B** Bulk pack of Stepped Bottle Adapters (50)  
NHS Code: TBA

**BA02** 14-16mm Bottle Adapter (50)  
NHS Code: TBA

**BA02B** Bulk pack of 14-16mm Bottle Adapters (50)  
NHS Code: TBA

**BA03** 17-20mm Bottle Adapter (50)  
NHS Code: TBA

**BA03B** Bulk pack of 17-20mm Bottle Adapters (50)  
NHS Code: TBA

**BA04** 24-26mm Bottle Adapter (50)  
NHS Code: TBA

**BA04B** Bulk pack of 24-26mm Bottle Adapters (50)  
NHS Code: TBA

**BA05** 18-21mm Bottle Adapter (50) (Oramorph)  
NHS Code: TBA

**BA06** 19-22mm Bottle Adapter (50)  
NHS Code: TBA

**BA07** 10-11mm Bottle Adapter (50)  
NHS Code: TBA

## accessories

### enteral drainage bags

**MED50** 50ml Enteral Drainage Bag (50)  
NHS Code: TBA

**MED100** 100ml Enteral Drainage Bag (50)  
NHS Code: FWM996

**MED250** 250ml Enteral Drainage Bag (50)  
NHS Code: FWM997

**MED500** 500ml Enteral Drainage Bag (50)  
NHS Code: FWM998

### surfactant kit

**SF01** Surfactant Kit (25)  
NHS Code: TBA

### pH indicator strips

**IN01** pH Indicator Strips (200)  
NHS Code: FWM745

### miscellaneous

**C005** Medicine Straw (200)  
NHS Code: FVK136

**RC075** 75mm Rectal Medicine Straw (200)  
NHS Code: TBA

**RC150** 150mm Rectal Medicine Straw (200)  
NHS Code: TBA

**C020** Milk Straw (200)  
NHS Code: FVK137

**MF01** Filter Straw (50)  
NHS Code: TBA

**MN01** Enteral Needle (100)  
NHS Code: TBA

**M158/1** Male Cap (packed singly) (200)  
NHS Code: FWD090

**M158/8** Male Caps  
(200 packs of 8) (1600)  
NHS Code: FWD077

**M19400/V** Gastrostomy Adapter (100)  
NHS Code: FWM746

**20-110/V** Syringe Male/Female  
End Cap (200)  
NHS Code: FWD089

**SA01** Pre-Filled Bag Spike Adapter (50)  
NHS Code: TBA

### NG plasters

**NP02** Paediatric NG Plaster (100)  
NHS Code: TBA

**NP01** Adult NG Plaster (100)  
NHS Code: TBA

## feeding tubes

### short term Infant polyurethane feeding tubes
